What more could you ask for?

Fitkid7.com is a company devoted to fostering healthy lifestyles for our children and families.

At present we have two great products to offer. What we have found is that most homes need at least one if not both!

The **FitKid7 book** is all about how to get our kids fit and healthy. It is written by mother of four and Nutritional Consultant Sirkka Wolke. The aim is to help children and families get back to a healthy weight and lifestyle. FitKid7 has suggestions on just what is a healthy diet and exercise regime and importantly how parents can implement the changes in a fun way. Read what these parents have to say about the FitKid7 book:

“A great book for all parents who are sick of diets and worried about their children’s health and happiness.”

Anne Seymour, Social Worker and mother of three boys.

“Looking for a food and fitness bible for your family? FitKid7 is it!”

Catherine Wernick, Editor and mother of three.

The **Sleep Easy CD** is a wonderful guided relaxation to help children get to sleep at night.

Sleep Easy is calming, inspiring and soothing. Just what every child needs to hear before they go to sleep at night. Works every time!

Testimonials:

“Puts me to sleep as well.”

Tony M. Dad.

“ZZZZZZZZZZ.”

TM age 8.

“I can’t believe it worked!”

AA age 11.

“Can we listen to it every night?”

MM age 6.

All you need to do is:

- 1) Register your organization and either download or order the required flyers.
- 2) Hand them out.

That is all you need to do! Parents simply place their orders directly with us and at the completion date we send you 25% of sales. **It’s that easy!**
